

A.C.C.A

Creative Coder's Program

This Program will introduce youth (7-13) to block based coding through weekly workshops using Scratch coding platform. Our workshops will be culturally relevant and focused on sparking creativity through computer science in in our youth.

***P.S. You may bring your own device or we will provide one.**

When: Academic School Year (8 week cohorts) on Wednesday's 5:00-6:30 PM

Where: ACCA Headquarters @ 423 King St E, Hamilton.
